INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

January 29, 2007

Deborah D. Wicks
Superintendent
Smyrna School District
22 South Main Street
Smyrna, DE 19977

The Honorable Valerie A. Woodruff
Secretary, Department of Education
Townsend Building, Suite 2
401 Federal Street
Dover, DE 19901

We have performed the procedures enumerated below, which were agreed to by Smyrna School District, the Office of Auditor of Accounts and the State of Delaware Department of Education. The procedures were performed solely to assist the specified parties in evaluating the School District's compliance with criteria from the State of Delaware Fixed Asset Policy Manual, the State of Delaware Department of Education Construction Technical Assistance Manual, the Delaware Code, and the State of Delaware Budget and Accounting Manual. Smyrna School District's management is responsible for compliance with those requirements.

This agreed-upon procedures attestation engagement was performed in accordance with *Government Auditing Standards* (2003), issued by the Comptroller General of the United States and the attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

1. We determined that the School District's policies and procedures for identifying, tracking and recording capital assets are adequate.

Our procedures disclosed no instances of noncompliance that resulted in adjustments or findings and recommendations.

2. We determined that the School District's construction project records and files (current and prior fiscal years) are accurate.

Our procedures disclosed no instances of noncompliance that resulted in adjustments or findings and recommendations.

3. We determined that expenditures are accurately stated and are made in accordance with the State Fixed Asset Policy Manual and the intent of the project scope mandated by the General Assembly, the Department of Education and the Local Board of Education.

Our procedures disclosed no instances of noncompliance that resulted in adjustments or findings and recommendations.

4. We determined that the School District's construction project records and files include only active construction projects as of June 30 of the CFY. We also ensured that completed projects have been appropriately closed out of construction and added to the State Fixed Asset system.

Our procedures disclosed no instances of noncompliance that resulted in adjustments or findings and recommendations.

5. We prepared the School District's Schedule of Construction Projects for Fiscal Year 2006.

See Appendix C.

We were not engaged to, and did not, conduct an examination, the objective of which would be the expression of an opinion on compliance with specified laws. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of Smyrna School District management and Board Members and should not be used by those who have not agreed to the procedures and have not taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited. This report, as required by statute, was provided to the Office of the Governor, Office of the Controller General, Office of the Attorney General, Office of Management and Budget, Department of Finance, the State Treasurer's Office, Division of Accounting and the Office of Auditor of Accounts.
